“

Increasing novel applications of economizers for heating and ventilation purpose is expected to promote the growth of the market”

OMR Analyst

Economizers are used to reduce the operational cost of heating and ventilation systems. These economizers are being used extensively in various industries for the heating and ventilation purposes. Moreover, as the constructional activities are increased, the demand for more efficient heating and ventilation system has increased significantly. These are being excessively used to reduce the temperature of the data centers. As a result of this, increase in demand from various industries, the

opportunities for augmentation of the market have been increased significantly. There are numerous players that are engaged in [manufacturing](#) of economizers which include Alfa Laval, Babcock & Wilcox Enterprises, Inc., Belimo Holding AG, Cain Industries, Cleaver-Brooks, Inc., Honeywell International Inc., Johnson Controls International Plc., Saacke GmbH, Secespol Sp. Z O.O., Stulz Air Technology Systems, Inc. and Thermax Limited among various others.

The market on the basis of geography is divided among four major regions – North America, APAC, Europe, and Rest of the world. APAC is expected to witness significant growth in terms of demand of economizers in the region. This can be attributed to the increasing construction activities across the emerging economies in these regions. Moreover, green building initiatives in Europe and North America region are expected to increase the demand of green energy alternatives such as economizers. This is one of the prime reasons which is expected to promote the growth of the economizers market in the near future. Moreover, with presence of numerous automotive manufacturers in the European region are expected to promote the growth of the market over the coming years.

The report covers  
Comprehensive research methodology of global Economizer market  
In-depth analysis of macro and micro factors influencing the market guided by key recommendations.  
Analysis of regional regulations and other government policies impacting the global Economizer market  
Insights about market determinants which are stimulating the global Economizer market  
Detailed and extensive market segments with regional distribution of researched revenues  
Extensive profiles and recent developments of market players
