About the Museum of Latin American Art (MOLAA) The internationally recognized Museum of Latin American Art (MOLAA) was founded in 1996 in Long Beach, California and serves the greater Los Angeles area. MOLAA is the only museum in the United States dedicated to modern and contemporary Latin American and Latino art. In 2007 MOLAA unveiled its newly renovated and expanded campus designed by prominent Mexican architect, Manuel Rosen. The expansion more than doubled the Museum's size adding a 15,000-square foot sculpture garden. In 2017, Dr. Lourdes Ramos became the first Latina to hold the position of President and CEO in the museum's 20 plus year history.

With its physical expansion complete, MOLAA's focus is on strengthening its collection, that now numbers over 1,600 works of art and maintaining its position as a multidisciplinary institution providing cross-cultural dialogue.
