

# AVIDBOTS NEO CONTINUES TO SOAR IN ASIA AS IT LANDS IN KANSAI AIRPORT

*Avidbots furthers its growth in the air transportation market with a new deployment of its airport cleaning robot into Japan*

KITCHENER, ONTARIO, CANADA, October 23, 2018 /EINPresswire.com/ -- Avidbots Corp. today announced that Kansai Airports has purchased Avidbots Neo, the industry's leading autonomous floor cleaning robot, to enhance cleaning productivity and performance at Kansai International Airport. The purchase was transacted through Avidbots' value-added distribution partner in Japan, Macnica Inc.

Conceived and created in the technology region of Waterloo, Ontario, Canada by Avidbots Corp, Neo is a purpose-built, autonomous floor scrubbing robot that integrates state of the art navigation technology with hardware. It is designed for ease of use, longevity, serviceability, safety and high productivity.

Kansai International Airport is one of the busiest airports in Japan, hosting over 25,000,000 passengers a year and housing the longest airport terminal in the world. According to Macnica Vice President Isao Sugiyama, this is just the beginning of installing cleaning robots in multiple airport sites across Japan. "We are very excited to be partnering with Avidbots and working with Kansai International Airport to deliver the benefits that airport cleaning robots can bring to their facilities," said Sugiyama.

Avidbots Neo

“

We are excited to help Kansai International Airport leverage the power of robotics to enhance their cleaning team's productivity and bring robots to everyday life to expand human potential.”

*Faizan Sheikh, CEO of Avidbots*

Faizan Sheikh, CEO of Avidbots, said “It is an exciting opportunity to help Kansai International Airport leverage the power of robotics to enhance their cleaning team's productivity and to further Avidbots' vision of bringing robots to everyday life to expand human potential. Japan is a key market for us and we thank our customers there for the warm welcome they have given Neo.”

Avidbots Neo is currently deployed on five continents, servicing some of the world's leading shopping malls, airports, education facilities, healthcare centers, manufacturing sites, and other commercial spaces. The company has a 40,000 sq. ft. operations facility with headquarters in Kitchener, ON, Canada.
