

# Alabama Logistics Company Earns ISO Certification

*BR Williams was awarded the ISO 9001:2015 Certification, recognizing quality standards that define effective quality management worldwide.*

OXFORD, ALABAMA, UNITED STATES, October 24, 2018 /EINPresswire.com/ -- Recently, the BR Williams Logistics Services Division, headquartered in Oxford, Alabama, was awarded ISO 9001:2015. Certification by the global organization, [NSF-ISR](#), the gold standard of the quality certification industry, is reserved for only the top companies in any industry.

[ISO 9001 Certification](#) bases its decisions on stringent quality standards that define effective quality management worldwide.

By receiving this globally recognized certification, BR Williams Logistics Services is identified as a top logistics company and supply chain management enterprise, excelling in service, capability, and technology.

## BR Williams Logistics Advantages

BR Logistics Company is a premier 3rd Party Logistics (3PL) Management Company. As an independent division of BR Williams Trucking, Inc., BR Williams Logistics Management plays a crucial role in supporting supply chain initiatives for world-class companies engaged in [automobile manufacturing](#), defense, home improvement, chemicals, textiles, food production, metals, industrial packaging, and more.

## Multiple Transport Options

Although BR Williams Logistics Management has assets of BR Williams Trucking, Inc. at their disposal, this 3PL utilizes a network of like-minded, professional trucking companies to provide the highest levels of service. BR Williams handles national and international shipments using the state-of-the-art equipment and the best logistics providers for direct and intermodal freight management.

## Technology

BR Williams Logistics has instituted load and inventory tracking with accessible portals to monitor each shipment to ensure timely and damage-free deliveries. Each truck is equipped with GIS capability, and every driver's safety record is carefully reviewed.

## Warehousing

Effective supply chains need well-managed warehouses for inventory storage and product staging. BR Williams Logistics Services utilizes several first-rate facilities throughout the nation to help clients best manage their inventories, accommodate production surges, and provide emergency stock in case of sudden demand increases. With the BR Williams' WMS (Warehouse Management System), clients can monitor their inventories in real time to optimize raw inventory purchases, plan production, and reduce lead-times.

## An Investment in Success

Achieving ISO 9001:2015 designation is a significant accomplishment for any company. The NSF-ISR letter announcing the certification tells the story:

"This certification accomplishment positions you among the best in your industry for fulfilling the ISO requirements. This certificate also represents a major investment for your organization; tremendous resources have been dedicated toward this effort."

For BR Williams Logistics Services, the ISO 9001:2015 designation is an added endorsement of their longstanding philosophy of Honesty, Integrity, and Service, unwavering company values for over sixty years.

## About BR Williams:

With humble beginnings back in 1958, BR Williams has grown into an award-winning supply chain management company servicing all 48 contiguous states and Canada. With facilities in Mobile AL; Piedmont, AL; Tallahassee, FL; Anniston, AL (two facilities); Eastaboga, AL; and Oxford, AL, B.R. Williams' distribution network supports over 50 customers and another 2,550 in the Trucking and Logistics divisions. Industries served include the following: automotive, defense, home improvement, education, food raw materials, textiles, chemical, industrial packaging, metals (finished goods), highway safety and more.
