“

Today's United States tax laws offer significant tax savings that should be taken advantage of; both by United States taxpayers and international taxpayers who do business in many forms with the US"

Richard Sam Lehman, Tax Lawyer in Florida

Mr. Lehman also possesses extensive experience in representing international clients who are investing capital and/or immigrating to the United States. "In efforts to assist those individuals who have been victims of, as well as those who suffered major loss from Ponzi schemes, we have implemented flexible payment plans, such as individually tailored installment payments, flat-fee cases, retainers, and even success-based fee options are available under certain circumstances to these new tax clients" ... said Federal Tax Attorney Richard Lehman. "That's the driving force behind our new Flexible Payment Plans. As

everyone's legal case is different and requires an individually-tailored strategy, so does their financial situation and circumstances; and our new Payment Plans offer our clients exactly that." The amount of the "flat-fee" and/or any hourly billing will vary depending on the case and client. However, the Law Offices of Richard Lehman aims to be competitive and just with their legal service pricing. "We here at our Tax Law Practice aim to provide fair and transparent billing. I fully understand that not all clients are going to be able to pay all fees up front, therefore flexible payment arrangements may be made." These will vary depending upon what is agreed to by both Parties, whether it is a lump sum and then small payments after that or monthly/weekly arrangements.

A Retainer Fee is a "lump sum" payment charged to commence legal services which retains the lawyer's services and creates the underlying Attorney-Client relationship. Part of the philosophy of Mr. Lehman is that "the South Florida community has given so much to this office and its success, therefore, our goal is to give back ...," Mr. Lehman went on to say. As to Initial Consultations, in most cases the Lehman Tax Law Office does not charge for the Initial Consultation (depending on the case type), however, in those cases where a Consultation Fee is charged, once retained, the Initial Consultation Fee is thereafter applied and fully credited to the Client's Case Account.

Mr. Lehman went on to say "Today's United States tax laws offers significant tax savings and should be taken advantage of; both by United States taxpayers and international taxpayers who do business in many forms with the United States."

There is nothing sinister in so arranging one's affairs as to keep taxes as low as possible. Everyone does so, rich or poor; and all do right. Nobody owes any public duty to pay more than the law demands; taxes are forced exactions, not voluntary contributions.
