Healing Butterfly combines [premium organic matcha](#) from their partner farm in Japan with other superfoods to produce their unique and healthy flavors. Their 'just add water' matcha blends provide healthful benefits and nutrition while also tasting great. Traditionally, the matcha is combined with hot water, but can be combined with cold water and enjoyed as a smoothie or iced tea drink, with hot milk or non-dairy milks to drink as a latte, or even used as an ingredient in baked treats. Many ingredients are organic, vegan, and/or kosher. Healing Butterfly's Earl Grey Matcha blend was a Silver Medal Winner in the [2017 Global Tea Championship](#).

“Our Healing Butterfly Matcha blends are a 'beyond superfoods' product, in that by combining multiple superfoods in the right way, we achieve a result similar to 'the whole is greater than the sum of the parts'. We often say that nature and science go hand-in-hand at Healing Butterfly to create delicious elixirs that are as good for the body as they are tasty,” explained Hirsch.

The new 10-count travel size matcha stick packages are available now and are priced at just \$19.99 plus shipping, though shipping fees are waived for U.S. orders over \$34. Shop online at
