More about CAPS

The Chicago Alternative Policing Strategy (CAPS) is Chicago’s newest weapon against crime. The CAPS organization cooperates with the community to reduce crime and promote a tighter kinship with the communities they serve.

What makes CAPS innovative? It brings the police, community, and other city agencies together, to identify and solve neighborhood crime problems, rather than simply react to their symptoms after the fact.

The CAP strategy is supported through:

- Neighborhood-based beat officers;
- Regular Beat Community Meetings involving police and residents;
- Extensive training for both police and community;
- More efficient use of City services that impact crime;
- And new technology to help police and residents target crime hot spots.
