

Be Part of the Next Game Changing Company in Social Media

NEW YORK, UNITED STATES, October 31, 2018 /EINPresswire.com/ -- The world is on the precipice of a game-changing shift that could revolutionize the world of social media marketing as we know it.

Here at [Spotlight Media Group](#), we are about to change how businesses and individuals use social media.

It is an industry worth more than 40 Billion dollars and we are about to disrupt it.

What's the most important thing on Social Media?

It is traffic! Think followers, likes, tweets and retweets. We believe we have built a platform that not only allows you to manage your Twitter, Facebook, LinkedIn, G+ and Pinterest accounts quickly and effectively, all in one place, but generates organic, targeted and FREE traffic to your website, with each and every click. This puts you, your brand or company right in front of potential clients and customers.

There are 30 million small businesses in the US alone. Unlike large companies who have deep pockets for expensive social media campaigns, they just cannot compete.

That is, until now.

Every individual and company, in any industry or sector can use our [Social Compass](#) platform to manage their social media in-house without having to pay huge amounts of cash to outside agencies.

Social Compass has been described as 'the future of social media management' and we believe that it has the potential to fundamentally change how businesses market and sell their products online.

And we want you to share in our success

We are seeking a small capital raise under crowd funding rule 506(c) to help promote this great technology. Apart from being part of the next potential billion dollar company, we are also offering our investors a year's FREE subscription (potentially worth thousands) to our Social Compass platform so they can experience for themselves just how awesome it is.

You can access our [incredible business plan securely and confidentially here](#).
