*“Mr. Fix It” (Rocky G Remix) Music Video Premiere on 11/8/18*

LOS ANGELES, CA, UNITED STATES, November 5, 2018 /EINPresswire.com/ -- Singer-songwriter Brooke Josephson is on the rise with her charismatic lyricism and infectious melodies. After the release of her pop-rock EP, “Sexy N Domesticated”, Brooke teamed up with house producer Rocky G to create the remix of her “Mr. Fix It” single. The electro house remix will be available on all digital stores and online streaming platforms on November 16, 2018. To excite fans for the new release, Brooke will be dropping a music video to accompany the single on November 8th.

November marks the one-year anniversary for the release of the original track “Mr. Fix It” (2017). The song taunts female domestication and encourages women to find a man that caters to the woman’s needs. In the remix, Rocky G opens with a progressive build that’s filled with dreamy vocals and echoic synths. The hook then slams into hard-hitting drums and awakening sirens for a big-room styled drop.

In the music video, Josephson is dressed in a white furry coat and wears a pair of vibrant kaleidoscope glasses. She stands in front of a mesmerizing LED background that fades between a shimmering skyline. You see Brooke’s 9-year-old daughter, Shira, bust out her moves and even drop to the floor for some breakdancing. Her LED kicks add a new visual component to the scene. A live video of one of Rocky G’s DJ sets intermingles throughout the entire piece.

Electronic producer, Rocky G began her career in Portugal in 2008. In 2010 she was an ambassador and resident DJ on international tours for brands such as Red Bull, Ministry of Sound, and others. Rocky G saw success from her 2017 remix to Camila Cabello’s “Havana”, which racked over 1.5 million streams. Currently based in Amsterdam, Rocky G continues to create unforgettable and energetic tracks.
