

GoodFirms Research: On Average 73% of Shoppers Abandon Cart Due to Lengthy Check-Out Process

GoodFirms survey of shoppers unveiled the major causes for cart abandonment so that the entrepreneur design an ecommerce site based on customer expectations

WASHINGTON DC, WASHINGTON, UNITED STATES, November 12, 2018 /EINPresswire.com/ -- According to a recent [Detailed Survey of Shoppers](#) performed by GoodFirms, revealed several reasons that impose the consumers to abandon the cart during check-out. The major reason the shopper supported was the lengthy check-out process with 72.7%. There are many other reasons customers leave the cart at the last minute such as slow load times, useless

information, limited payment options, concerns about payment security and many more. Thus, it is necessary for the entrepreneurs to keep the checkout process short and implement all other changes to help the customers have a great shopping experience. This can ensure to decrease the rate of cart abandon and increase your sales.
