

Caserta Designated Premier Partner for Google Cloud Platform

NEW YORK, NY, UNITED STATES, November 13, 2018 /EINPresswire.com/ -- Caserta, an advisory and implementation consulting firm focused on strategic data analytics solutions on the Cloud, is excited to announce it has been awarded the status of [Google Cloud Platform Premier Partner](#). To achieve the distinction, Caserta worked with Google clients to architect and build data analytics ecosystems on Google Cloud Platform (GCP) with their team of Google certified solution architects and engineers.

Caserta's expertise in cloud enablement, data science, data engineering and DevOps empowers joint clients to innovate and transform their businesses, respond faster to customer needs, and gracefully progress into the technologies of tomorrow. Among many successes, [Caserta helped The New York Times](#) re-architect a legacy on-premises data ecosystem to Google Cloud Platform on a very tight deadline and realize the many benefits of the cloud.

"Achieving the distinction of Google Premier Partner is a testament to our exceptional technical expertise, consistent client successes and industry-leading time-to-value," noted Caserta founding President Joe Caserta. "We are proud to have achieved the highest level of Google Premier Partner status. We are excited to continue to expand our partnership with Google and are committed to providing our joint clients the best strategies, architectures and implementations to advance their businesses today and in the future."

Caserta helps business leaders transform their company to become digital and analytics driven. They innovate strategic solutions to deliver fast time-to-value through technical design and advanced data analytics implementations. The firm specializes in data science, data engineering and data intelligence. Caserta prides itself on meticulous client service and dedication to solving its clients' toughest data challenges.
