

Constant Technologies Named One of Top 50 Systems Integrators of 2018 by SCN

Constant Technologies, Inc. is formally recognized by a leading trade publication for excellence in operations center video wall design and integration.

NORTH KINGSTOWN, RI, UNITED STATES, November 26, 2018 /EINPresswire.com/ -- [Constant Technologies](#) is honored to have once again been selected as one of an exclusive group identified as the Top 50 Integrators of 2018 according to Systems Contractor News (SCN).

As a systems integrator for 24x7 command and control spaces, we place high importance on implementing reliable and top-quality solutions for our clients across a variety of sectors."

Brad Righi, the President of Constant Technologies

SCN has released a list of the AV industry's top integrators each December for over a decade. The Top 50 list continues to be an important indicator of trends in the commercial audio-visual industry, which grows significantly year after year. The information provided by the featured companies combines to produce a comprehensive picture of the state of the industry. Constant Technologies is honored to be featured for the third consecutive year as a result of their contributions to the av integration industry,

moving up 8 places since last year's ranking.

Brad Righi, the President of Constant Technologies, said, "Constant Technologies is excited to again receive recognition from SCN as a Top 50 Systems Integrator. We have consistently worked to implement steady, organic growth while maintaining our unsurpassed service and attention to detail. As a systems integrator for 24x7 command and control spaces, we place high importance on implementing reliable and top-quality solutions for our clients across a variety of sectors. In the past year we have experienced significant growth and moved up in SCN's ranking 8 spots to 37th largest globally due to our commitment to our clients and our dedication to service and support. To be recognized by a premier publication for our work in this highly competitive industry is gratifying."

In over three decades in the industry, Constant experienced exponential growth to become one of the world's premier mission critical audiovisual integrators. Our work has taken Constant's team all over the world to perform video wall installations in a variety of industry verticals from private sector companies such as healthcare providers, tech companies, and financial institutions to a variety of government clients in the public sector. Our command center furniture paired with our audio/visual expertise in large-scale video wall integration allow our clients to maximize their productivity in rigorous 24/7 command centers. With a significant body of work across the globe, Constant places high importance on establishing long term partnerships with our clients. As audio visual integrators, we are able to bring together the best technologies to create turnkey operations center installations.
