And, the best part is, we can ship the meals to your recipient for you! Or, if you would rather hand deliver the bundle and are located nearby one of our four retail locations, you can stop in and pick it up. It's completely up to you to decide!

What a Crock Gourmet Meals

All of our crockpot meals are chef crafted, meaning that we only provide made-from-scratch meals with fresh ingredients and no added preservatives.

At What a Crock, we are a family-owned business, which means we understand the importance of wholesome home-cooked meals that are made with real natural ingredients.

That's why we're dedicated to crafting delicious meals for families that can be cooked right in your crockpot with little preparation time. This way, you can spend more time with your family, and less time stressing over a weeknight dinner - all without sacrificing a home-cooked meal.

How What a Crock Works

What a Crock Meals to Go makes it easy to enjoy a home-cooked meal without all the stress of shopping, chopping, seasoning, and cooking.

All of our meals are cooked fresh, using only the finest ingredients and seasoning, and then immediately frozen to ensure top quality gourmet food.

Once you receive your meals through delivery or at one of our retail locations, simply store them in your freezer until ready to use.

Then, when you are ready to cook one of your meals, all you have to do is open the bag and pour the contents of the meal into your slow cooker.

After that, all you have to do is set your slow cooker on low, and follow the cook time on your instruction card.

Once the cook time is finished, all that's left is for you and your family is to enjoy a delicious, home-cooked meal.

Yep, with What a Crock, it's that easy.

What a Crock Meals Cook Time

With our What a Crock meals, there's no guesswork involved. There's an instruction card on each meal bag, so you know exactly how much cook time is required so you can have a scrumptious dinner at the end of your hectic day.

Typically, any chicken or vegetarian meal should cook for 4-6 hours, any pork meal should cook for 6-8 hours, and any beef meal should cook for 8-12 hours. All meals should be cooked on the

low setting, and you can always call us if you have any questions.

What a Crock Bundle Portions

Our weekly meals are sold by the portion - meaning we can supply a bundle for one person, or even a family of six. Not sure how many portions your gift recipient will need? We've got you covered.

From two adults with light appetites to a family of four with two big eaters, we can help you decide the portions your recipient will need.

What a Crock Bundle Delivery

At What a Crock, we handle your meals with the utmost care and put as much thought into delivering them as we do with meal preparation.

All What a Crock meals are shipped in a Styrofoam cooler with dry ice to ensure that everything stays frozen for about 12 hours after delivery. That way, you don't have to worry about your gift arriving with any problems.

Located in the Brookhaven, Chestnut Hill, Garnet Valley, or Quakertown areas? You can always stop in and pick up your meal bundle, instead.
