

# GenHigh Tech Unveils Its Autowit Front & Rear Dual Dash Camera for High Definition Road Recording and Added Security

*The Autowit Dash Cam Offers Two Viewing Angles to Simultaneously Capture the Road Ahead and Behind for Added Protection and Peace-of-Mind.*

SANTA MONICA, CA, USA, November 28, 2018 /EINPresswire.com/ -- GenHigh Tech, a global leader and marketer of high-quality and innovative automotive, mobile and consumer electronics, announced the launch of the Autowit Dual Dash Camera Recorder. This model is the latest addition to Autowit series and assists as the perfect eyewitness and roadside companion for visual evidence of any event.

The Autowit Dual Dash Camera is fully featured and intuitive to use. It allows an easy set-up of the front camera on the car's original rearview mirror with the 2 included rubber straps. The rear camera can be installed either on the rear windshield facing out or connected to the car's rear lights. The camera's unique ability to record both front and rear-facing video offers double the protection for everyday drivers.

Autowit Front & Rear Dual Dash Camera offers recording in full HD video making it ideal for all those who value safe driving.

The Autowit Dual Dash Camera enables recording in full HD video (1080P at front and 720P at rear), supports up to 32GB SD (Class 10+) and provides continuous loop recording, motion detection, and a car charger (12/24V Input - 5V/2A Output). This model features a 5.0" IPS touch screen, ultra-wide 150 Degree Front FOV - 120 Degree Rear FOV lens, and a G-Sensor, triggering the unit to automatically protect clips if an impact is detected.

“

GenHigh is committed to providing our customers high-quality and affordable car accessories that ensure safety and comfort of the drivers and passengers.”

*Minming Gu, Cofounder & CMO of GenHigh Tech*

“Accidents and misfortune on the road can happen from the front of the vehicle as well as the rear,” said Minming Gu, Cofounder & CMO of GenHigh Tech. “The quality of our Autowit Dual Dash Cam is great, the touchscreen is adaptable, and the extra features make it well worth the

cost. GenHigh continues to expand the Autowit lineup because we are committed to providing our customers high-quality and affordable car accessories that ensure safety and comfort of the drivers and passengers”.

Additional features of the Autowit Dash Cam include:

- Parking Monitor - The mirror dash cam will automatically switch to the reversing mode in full view when the R gear is engaged. If motion is detected or the G-Sensor is triggered, the camera will automatically wake-up and start recording.

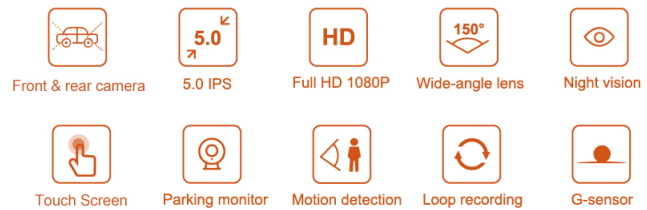

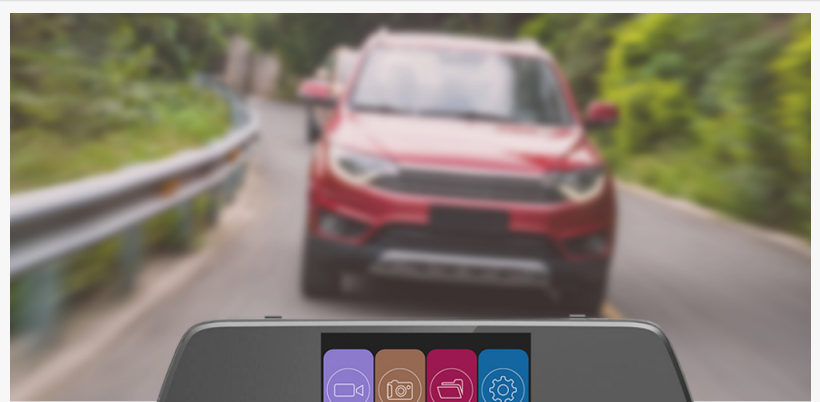

- Loop Recording With 24 Hour Monitoring - The recorded video footage can be set to 1, 2, or 3 minutes long. Seamless loop recording automatically overwrites the oldest ones on the SD card when it is full. The emergency footage is automatically locked for file backup when an accident happens.

- Night Vision Mode - The HD Dashboard Camera Monitor gives you 1080P clear and bright images even at night or on rainy days.

With its front and rear protection, or its ability of continuous loop recording, The Autowit Dual Dash Camera model is ideal for all those who value safe driving.
