“

I was in absolute euphoria, flying down the country road, windows down, listening to 'Big Rock Radio,' and watching a mountain sunset!"

Aaron Hart, Lead Singer of Love Stallion

Now, Love Stallion is happy to announce the world premiere of their new video, "Big Rock Radio." The video was produced and directed by award-winning filmmaker, John Hunt, via his Colorado-based video production company, Arcadian Pictures. "Big Rock Radio" was shot in Globe Hall and at various locations in Denver, CO, and along the highways of Moffat, Colorado. A special "Behind

The Scenes Music Video Party" will be held on Saturday, December 15th at Club 1203 in Denver.

Lead singer, Aaron Hart recalls the video shoot: "My favorite part of the video was driving John's red 1987 Nissan 300 ZX. To give it a California vibe, we filmed out in the desert by the dunes in Moffat, Colorado, which is absolutely gorgeous. We were chasing daylight, so I had about 15 minutes to re-learn how to drive stick shift before we started shooting. I was in absolute euphoria, flying down the country road, windows down, listening to 'Big Rock Radio,' and watching a mountain sunset!"
