*Featuring New Tracks by KYOGRE, EL DIABLO, BIONIK, DJPJ, EDEN, GORDY BULLEN, and STVRBOI*

SAN FRANCISCO, CA, USA, December 1, 2018 /EINPresswire.com/ -- JORDAN HURWITZ is thrilled to announce the release of her long-awaited LOVESICK. THE REMIXES EP, capturing six entirely new visions of the title track from her previous EP that was originally produced by Narada Michael Walden (Mariah Carey, Aretha Franklin, Whitney Houston). The new LOVESICK. THE REMIXES EP is available on all music streaming platforms December 7, 2018, and features six new EDM/Electronic remixes from an array of talented DJs and producers including KYOGRE, EL DIABLO, BIONIK, DJPJ, EDEN, GORDY BULLEN, and STVRBOI.

With her powerful melodies, soulful pop, and story-telling ballads, JORDAN HURWITZ is an American singer/songwriter quickly making her

way onto today's music scene. Creating music that holds a likeness to the soul of Lady Gaga, the power of Demi Lovato, and the heart of Billy Joel, together with the effortlessness of Adele, JORDAN HURWITZ's songs are made to be heard, to be repeated, and to be loved.

"This is my first time letting anyone else take the driver's seat with one of my songs," says Jordan. "I have always worked with the mindset of making my vision of my songs come to life. Hearing interpretations of "LOVESICK." through the minds of these great producers has given me a whole new love for the song."

The original LOVESICK. EP gave rise to the highly acclaimed songs "I Love Your Abs" and "Riverbank," both of which have music videos available on all video streaming platforms. The music on the LOVESICK. EP spans many genres and styles, with each track having a unique sound that connects with a wider audience. "Obliterate My Heart" is an incredible duet with Soul superstar Cornell "C.C." Carter, and the songs "Power" and "Hurricane" are huge and powerful ballads. The EP closes with the title track "LOVESICK.," a contemporary pop/dance crossover that belongs alongside any of the huge hits on the radio today, and is the basis for the new LOVESICK. THE REMIXES EP.

The LOVESICK. EP was Jordan's second work with Narada Michael Walden released through his Tarpan Records, with her earlier Here I'll Stand EP featuring six original songs written by Jordan

and also produced and arranged by Walden. "Working with Narada is an incomparable and invaluable experience," says Jordan. "His talent and artistry take my music to a whole new dimension and continue to be nothing less than amazing."

JORDAN HURWITZ has gained international exposure and stellar reviews throughout the United States and Europe. Exclusive Magazine says, "[she is] so apt at creating musical visions to back her every lyric that it's hard not to imagine her standing proudly alongside the aforementioned Taylor Swift at an awards ceremony one day." The LOVESICK. and Here I'll Stand EPs were preceded by Jordan's debut album Infinity, released in 2013 at age 16, and The New Me, released in 2014.

Born and raised in Redwood City, CA, Jordan spends most of her year in Miami attending the University of Miami's Frost School of Music, where she is in the highly-regarded Bruce Hornsby Creative American Music Program. Currently in her final year, Jordan will be soon be graduating with a Bachelor's Degree in Musicianship, Artistry Development, and Entrepreneurship, and with minors in Music Business and Entertainment Industries, Creative American Music, and Advertising.

JORDAN HURWITZ performs to a wide array of audiences both locally and across the country, and is excited to be preparing for her second U.S. tour scheduled for Summer 2019. The LOVESICK. THE REMIXES EP will be available on all music streaming platforms December 7, 2018.
