

Nivano Physicians Selects Qualmetrix for Advance Analytics and Population Health Management

Provider Organizations Require an Analytic Platform to Promote Physician Engagement Which Will Help Drive Quality Improvement and Cost Effectiveness

MIRAMAR, FLORIDA, USA, December 3, 2018 /EINPresswire.com/ -- MIAMI December 3, 2018 Qualmetrix, a leader in [Advanced Analytics](#) and [Population Health](#), announced today that Nivano Physicians has selected its platform to help the California-based independent physician association (IPA) enhance the quality of care it delivers to its patient population. Qualmetrix quickly integrated the data provided by Nivano Physicians so that they were operational within 30-days following receipt of data.

The integration of the Qualmetrix Analytic Platform into the workflow of Nivano Physicians will allow enhanced population health management, drive physician performance, and improve control of cost and utilization within their organization

“Our team at Nivano Physicians has wholeheartedly embraced the Qualmetrix platform. We are finding that Qualmetrix’s ease of use provides a significant enhancement to our core platform and allows us to improve the quality of care we give to our patients. The ability to swiftly identify opportunities to improve the care of our patients in a cost-effective fashion is of paramount importance to us and the Qualmetrix platform allows that to happen,” said Sarath Artham, CEO and Chief Technological Officer, Nivano Physicians.

“The healthcare industry continues to experience the loss of billions of premium dollars to overutilization and inappropriate use of services. The Qualmetrix platform helps healthcare organizations like Nivano enhance the care delivered to its patients by identifying opportunities to engage its physicians with data to drive continued quality improvement.” said Lawrence Schimmel, M.D., Chief Medical Officer of Qualmetrix.
