

DNA tests top holiday gift option for pet owners, discount codes to save when shopping

HARTFORD, CONN., U.S., December 5, 2018 /EINPresswire.com/ -- HARTFORD, Conn. – Orivet, a worldwide leader in pet DNA testing and personalized veterinary medicine, is helping holiday shoppers save money and find the perfect gift for their pet or pet owner on their shopping list with new discount codes announced on Wednesday.

Holiday shoppers can save while picking out the perfect gift for nearly any pet, pet owner or breeder and give the gift of DNA insights for breed identification, DNA health screens and Personalized Life Plans™.

Holiday shoppers visiting Orivet's online store can enter the code HappyPet19 until the end of 2018 to earn \$54.95 off the purchase price of Orivet's dog Breed Identification DNA Test + Life Plan™ and will also receive a free Tap Tag smart ID. Shoppers using the code can also save \$50.90 towards the purchase of Orivet's dog DNA Health Screen + Life Plan™, which also includes a free Tap Tag device.

Additionally, shoppers can save on Orivet products specifically designed for pet breeders. Until Mar. 30 shoppers using the code BreedHealth19 will receive \$88.45 off the price of Orivet's Purebred Full Breed Profile™, which includes breed-specific disease screening and color + trait analysis from Orivet's extensive list of over 170 genetic tests, as well as free Tap Tag.

Orivet will offer additional holiday discounts through its Amazon store. Amazon specific discount codes and product bundles can be found on Orivet's Amazon store.

In addition to discounted prices, the purchase of select products includes a free Tap Tag. Tap Tag is a unique, Near-Field Communication (NFC) chip and QR code identification tag that attaches easily to a pet's existing collar. The device is capable of notifying pet owners of their missing pet's location when it is scanned by any smartphone and can prompt the scanning device of a pet owners contact information or the pet's medical needs.

Orivet offers comprehensive genetic screening for both dogs and cats through a simple non-invasive mouth swab that can be used right in a pet's home. Once a pet's DNA sample has been evaluated by Orivet, pet owners can check their results easily via a personalized online

dashboard.

Orivet's products are available in the U.S. and more than 40 countries worldwide. To learn more about Orivet and its services or request a free DNA collection kit, please visit www.orivet.com.

About Orivet Genetic Pet Care

Orivet Genetic Pet Care is a leading personalized-medicine organization offering innovative health care solutions for veterinarians and pet owners. The organization was founded in 2010, on the premise that each and every pet is unique, with its own set of specific traits, behaviors, genetic health needs and inherent risks. Orivet works with veterinarians, pet owners and responsible pet breeders to provide practical, evidence-based platforms focused on identifying risk and improving clinical outcomes.
