

# Finance Web Service LFT (LiteFinTech) to Expand in Scandinavia

*It has also been announced that after years of expanding, the following step for LFT is to enter the Scandinavian markets*

BELFAST, BELFAST, UK, December 6, 2018 /EINPresswire.com/ -- For the past few years, the popularity of [LFT](#)

[\(LiteFinTech\)](#) has been rising due to the innovative services the team has been developing. The financial web platform attracts traders from all over the world by providing exciting experience when trading in various digital tokens and modern cryptocurrencies. [LiteFinTech](#) empowers fast-trade executions, stable wallets and adopts the latest standards in online trading industry.

“

The reason we built LiteFinTech is because we strive for open, transparent markets and it is our purpose to be a major driving force in widespread adoption.”

*LiteFinTech Team*

“The reason we built LiteFinTech is because we strive for open, transparent markets and it is our purpose to be a major driving force in widespread adoption. Our goal as a company is to offer better opportunities to 100,000 people through providing them with most effective tools and education,” states the LiteFinTech Team.

LiteFinTech offers its registered users the opportunity to step into the world of finance by investing in modern cryptocurrencies, such as BitCoin, Ethereum and more. On LiteFinTech users can benefit from the speed of services,

including exchanging, sending/receiving cryptocurrencies and the low exchange rates, compared to the various other similar platforms on the market. LiteFinTech is also taking pride in offering multi-lingual customer support and a platform, available in 7 languages. Last but not least, with LiteFinTech registered users can also receive assistance in scanning markets and recognizing trade setups.

[LiteFinTech trading service](#) is also utilizing the award-winning MT5 (MetaTrader5) platform, which can easily be downloaded and used by traders to further enhance their presence on the cryptocurrency market. Traders can execute trades both manually and automatically.

Information on the LFT MT5 platform is available on the official website:

<https://www.litefintech.io/en-US/mt5/>

It has also been announced that after years of expanding, the following step for LFT is to enter the Scandinavian markets. LiteFinTech has launched a brand-new investment plan for Scandinavians which features a service, without commission and free education for the clients. Moreover, the special service is designed according to the current state of Scandinavian market, considering interest rates, tax, etc.

The traders who are interested in investing in LiteFinTech are encouraged to take a look at the official website and follow the announcements: <https://www.litefintech.io>
