

# Grown Rogue Wins Highest THC % and Highest Terpenes % at Grow Classic

MEDFORD, OR, USA, December 7, 2018 /EINPresswire.com/ -- [Grown Rogue](#) took home top honors from the [Grow Classic](#) held in Eugene, OR last weekend. The company was one of 31 elite growers from across the state of Oregon who entered the three-category competition, in which Grown Rogue took first place for Highest THC %, first place for Highest Terpenes % and third place in Growers Choice.

"Grown Rogue is honored to accept these awards from among the best growers in the state," said Grown Rogue Co-Founder and CEO, Obie Strickler. "We are incredibly proud of our cultivation team for the best in class flower that they consistently produce. It is very gratifying to have this competition validate the quality we have strived so hard to achieve."

Grown Rogue's Head Cultivator, Ken Cobb, said, "The Grow Classic is a true grower's event that brings together an amazing group of cultivators. There was a lot of camaraderie in the room, and we left feeling blessed and appreciative to be among such a great group of people. We want to thank Grow Magazine; this was definitely one of the cooler events we've been to and we look forward to participating again next year."

Grow Classic is an invitation-only competition hosted by Grow Magazine each November and bills itself as The Quintessential Cannabis Horticulture Competition. Thirty-one growers were provided with four clones from the same cultivar from the same mother plant, and invited to

grow the best plants possible. For the Growers Choice award, only the participating growers themselves are the judges with blind labeled products- so there are no paid or potentially biased judges. The event awarded \$15,000 in cash and over \$5,000 in prizes to the winners.

Grown Rogue produces top quality flower, innovative nitrogen-sealed pre-rolls and extracts including oils, shatter, sugar and wax all classified according to experiences reflected in the name ROGUE - Relax, Optimize, Groove, Uplift and Energize.
