*Salt Lake City, UT – GlobalSim, Inc. is pleased to announce that it has finalized a contract with Luis Ayala in Puerto Rico to provide a Full Mission Simulator.*

SANDY, UT, UNITED STATES, December 10, 2018 /EINPresswire.com/ -- Salt Lake City, UT – GlobalSim, Inc. is pleased to announce that it has finalized a contract with Luis A. Ayala Colón Sucrs. in San Juan, Puerto Rico to provide a Full Mission Simulator equipped with a ship-to-shore (STS) crane, Mobile Harbor Crane, and Reach Stacker.

GlobalSim was selected based on the company's technological expertise and ability to implement the latest hardware and software innovations into their simulators—from motion, to graphics and visuals. "We are very excited to be working with GlobalSim" exclaimed Hernan Ayala, Executive Vice President at Luis A. Ayala Colón Sucrs. "We are very impressed with GlobalSim's ability to replicate the feel of the actual equipment" remarked Ayala.

The simulator will include operator controls from the original equipment manufacturers, large flat panel displays, 3 DOF motion system, and full instructor station for interactive training. "We're confident our simulator will enhance their training program and increase efficiencies" said Dan Olson, Vice President of Operations. "Projects such as this is what we do best! We're confident this simulator will enhance the training programs for Ayala and we look forward to working with them for year to come" said Olson.

The simulator has been constructed at the company headquarters in Salt Lake City and will be delivered to Puerto Rico in December 2018.
