

Alpha Imaging Acquires Modern Imaging

ACQUISITION OF MODERN STRENGTHENS EFFORTS IN THE NEW ENGLAND STATES

CLEVELAND , OHIO, UNITED STATES , December 11, 2018 /EINPresswire.com/ -- [Alpha Imaging LLC](#), a leading distributor of advanced medical imaging equipment based in Cleveland, Ohio, has

Having known Modern for a number of years, I am confident they will be a great fit in our plans to accelerate Alpha's growth."
Michael Perrico, CEO of Alpha Imaging

announced they have acquired Modern Imaging, Inc. of Swansea, MA to enhance their diagnostic imaging equipment sales and service capabilities in the Northeast region. Similar to Alpha Imaging, Modern's leadership team has provided sales and service of medical imaging equipment for over 30 years. Current customers of Modern will now have access to a greater variety of digital radiographic, CT and cardiovascular medical imaging equipment from manufacturers such as Shimadzu, Neusoft, Canon, Konica and Del Medical in the New England region of the United States.

"The acquisition of Modern expands our client base and allows access to strategic accounts in the New England states," said Michael Perrico, CEO of Alpha Imaging

Brad Morse, President and owner of Modern Imaging comments, "Merging the relationships that we have forged over the years with the talents and equipment line of Alpha, is a win,win,win. Our existing customers can now have access to higher end, advanced imaging products; I am able to be a part of a highly respected, growth-oriented medical imaging distributor with an outstanding support team; and Alpha can expand their customer base in the area."

"Our success has always been predicated on meeting our clients' needs in a very personal, flexible and responsive manner," said Perrico. "Bringing technology and service to our clients is one thing, but being able to do so in a manner that differs greatly from the competition sets us apart."

Morse adds "Our clients will continue to receive the same high quality, responsive service and support they're accustomed to, however we will be able to enhance their experience with additional field service engineers and improved reporting, documentation and other efficiencies that come from a strong infrastructure that Alpha brings to the table. A more robust product line will simply add to the overall value we can provide."
