

Lilo - Top Rated Web Design Company in Perth

Lilo is an international web design agency, creating professional and cost-effective web solutions for almost two decades.

PERTH, AUSTRALIA, December 11, 2018 /EINPresswire.com/ -- [Lilo](#) is an international web design agency, creating professional and cost-effective web solutions for almost two decades. With offices in Perth, Cape Town, and London, we have helped many companies worldwide, across a wide range of industries, to grow their web presence.

About Lilo

We are a full-service digital agency, offering affordable web solutions created to persuade and convert your users. Whether it's building a new website, rebranding your current one, or boosting your online presence - we can help you reach your goals.

Our core services include:

Web Development and Design

Our team of web design and development professionals don't only care about making your site users happy, but also what is important to search engines like Google. This approach ensures that our projects are striking, fast, functional and ready to be marketed to the world.

WordPress Development

From your local business to the world's biggest brands like Mercedes-Benz and Disney - WordPress truly is for everybody. Each of our WordPress projects is created from scratch with only the elements you truly need - ensuring a lean, performance-rich experience.

With constant updates and enhancements (including the latest release, WordPress 5.0), the world's most popular CMS just keeps getting better.

eCommerce / Magento Development

Sell your products to the world with the most popular eCommerce platform available today. Magento is a flexible, completely customisable platform that can evolve as your business grows.

Search Engine Optimisation (SEO)

What good is an excellent website if nobody knows it exists?

With our targeted search engine optimisation services, we help grow your web authority to bring in users to your site naturally.

Contact us today, and find out how we can help you grow your business.
