

# High-tech & high-touch converting firm in US successfully transitioned to ISO 9001:2015 with the aid of MyEasyISO

VALLEY COTTAGE, NEW YORK, UNITED STATES, December 12, 2018 /EINPresswire.com/ -- A company specializing in numerous slitting and roll-finishing techniques was then certified to ISO 9001:2008. As it continuously strives to enhance quality management system, this company transitioned from the old version of the standard to ISO 9001:2015 using a QMS software that is designed to make transition easy and fast.

“

It made us easily conformed to the new requirements and now we are readily transitioned”

*Operations Manager*

“We were skeptical on how we will retain our QMS certification as the structure of ISO standard has changed entirely. But then, we searched online and came across with a powerful QMS software – MyEasyISO. We found that this QMS software was created according to the new requirements of ISO 9001:2015. It is a very unique, easy-to-

use and an [affordable tool](#). It made us easily conformed to the new requirements and now we are readily transitioned,” said Operations Manager.

MyEasyISO QMS software comes with pre-built modules that streamline processes, increase efficiency, and thereby achieve higher productivity. It offers rapid deployment and implementation with unmatched cost effectiveness. With these features, it is suitable and recommendable from small-sized to medium-sized organizations with limited resources and unlimited ambitions.

## About MyEasyISO
