A customer-focused energy specialist based in Australia complied with QHSE requirements using MyEasyISO QHSE Software

VALLEY COTTAGE, NEW YORK, UNITED STATES, December 18, 2018 /EINPresswire.com/ -- This company was established in response to growing demand in businesses in Australia for assistance with better understanding of energy usage and reduction of electricity costs. Composed of dedicated engineering and energy specialists, having more than 30 years of combined experience across every aspect of energy supply chain, require having fast and easy QHSE compliance software to continuously meet its customer requirements, and therefore enhance customer satisfaction.

> This is the easiest and effective QHSE software in the market that I have ever seen"
> *Engineering and Energy Manager*

They have found the best and world-class software platform through MyEasyISO. MyEasyISO QHSE software is built on a framework that provides the best in class user interface, scalability and adaptability capabilities. This is the preferred QHSE software across 120+ countries for their specific and unique business needs.

"This is the easiest and effective QHSE software in the market that I have ever seen," said Engineering and Energy Manager.

MyEasyISO QHSE software streamline processes, increase efficiency and achieve higher productivity. This offers rapid deployment and implementation with unmatched cost effectiveness. Suitable and recommended for small-sized to medium-sized organizations with limited resources and unlimited ambitions.

"MyEasyISO not only enables the organization to achieve compliance by ensuring regulations and standards but also transforms the business process to enhance productivity. MyEasyISO offers excellent flexibility with an unbelievable amount of feature and drives to continual improvement with fast ROI" said Kaushal Sutaria, Senior Manager of Effivity Technology.

About MyEasyISO

MyEasyISO is smart as it issues alerts and reminders for important and critical QHSE tasks through email and on-screen notifications. It saves you time with its intuitive and automated workflow that manages major routine tasks.

MyEasyISO brings clarity and precision to your QHSE as tasks and pending actions are accessible on each screen. A unified platform for all the processes, offices, business units and employees.
