

Hear from PFS industry leaders from big pharma, government bodies & top manufacturers

11th Annual Conference and Exhibition on Pre-Filled Syringes & Injectable Drug Devices in just over a month's time on the 16th-17th January 2019 in London.

LONDON, UNITED KINGDOM,
December 12, 2018 /

EINPresswire.com/ -- This premium event will feature over 100 selected senior [pre-filled syringes](#) experts from leading PFS markets, including Austria, Belgium, Finland, France, Germany, Japan, Switzerland, UK, USA and many other countries.

Event attendees will gather to discuss solutions to accelerate PFS development and technology advancements, as well as explore innovations for platform systems of [injectable](#) delivery devices, and assess the impact of digitalisation, patient-centricity and the regulatory compliance which make up such core components within the PFS sphere. This event provides the perfect platform for networking and knowledge sharing amongst delegates.

The speaker line up for 2019 will include top decision makers from the likes of MHRA, Novartis, SCHOTT, Sanofi, MSD, Boehringer Ingelheim, Pfizer, Novo Nordisk, Janssen, Biogen and more!

A full agenda breakdown and further information can be accessed at www.pre-filled-syringes.com/einpr4

Further benefits of Pre-Filled Syringes & Injectable Drug Devices 2019 include:

- Listen to Mathieu Rigollet, Senior PFS engineer, Roche on the control strategy developed for a combination product in his case study
- Hear from a regulatory perspective as Veronika Ganeva, Quality Assessor – Biologics, MHRA takes a look at the current challenges industry is facing and what lies ahead in times of change
- Debate the primary packaging material for injectable drug devices; Glass vs Polymers with Novartis, MSD, SCHOTT and GSK
- Assess the power of digitisation in patient engagement with a spotlight presentation given by Justin Wright, Global Head of Innovation, Novartis

Running alongside the conference will be two interactive workshops which will take place on the

15th January.

Workshop A: HOW TO ENHANCE USER EXPERIENCE OF CONNECTED DEVICES FOR DIGITAL PLATFORMS. Led by Shannon E. Clark, Principal, UserWise, Inc.

Workshop B: BODY WORN INJECTORS: SHAPING THE FUTURE OF PARENTERAL DRUG DELIVERY. Led by Sergio Malorni, Senior Consultant, Medical Technology, Cambridge Consultants Ltd
