

Life Care Planning: Catastrophic Burns Require Expert Foundation

We provide 'Sanchez Proof' testimony from physician experts in fields including orthopedic, spinal, pain management, brain injury, and now burn management.

SANTA BARBARA, CALIFORNIA, UNITED STATES, December 14, 2018 /EINPresswire.com/ --

“

Catastrophic burn care requires unique skills, specialization, and experience. Our life care plans will include a Board Certified Plastic Surgeon who practices daily in a major burn center.”

Dr. Greg Vigna

Academic Physician Life Care Planning, LLC provides Sanchez proof testimony for its defense and plaintiff life care plans for catastrophic burn care from Board Certified physicians in Plastic Surgery and Surgical Critical Care.

Historically, evidence that was presented to the jury that relates to the cost of future medical care for an injured person was provided by costing research obtained by a variety of sources including the CPT Codes and data obtained by phone calls to vendors of the actual cost charged for goods and services in the location where the injured person resides. In California, the Sanchez Decision

in June of 2016 preclude this evidence as 'hearsay'.

Academic Physician Life Care Planning, LLC, led by Dr. Greg Vigna provides 'Sanchez Proof' testimony as its physician experts base their opinion on 'knowledge, skill, experience, education, and training' obtained over decades of patient management in the field of orthopedic trauma, spinal cord injury, interventional pain management, and traumatic brain injury. Now Academic Physician Life Care Planning, LLC provides expert life care planning services with burn experts.

Dr. Greg Vigna, a physician, lawyer, and life care planner explains, “Catastrophic burn care is a specialty that requires unique skills, specialization, experience and is practiced by few plastic surgeons and general surgeons across the country. Our life care plans will include an academically based Board Certified Plastic Surgeon who practices daily in a major burn center which allows for him to be qualified as an expert and provide demonstrative and testimonial evidence for catastrophic burns.”

Academic Physician Life Care Planning, LLC provides Life Care Plans, with physicians from multiple specialties for no additional cost for its defense and plaintiff life care plans. Academic

Physician Life Care Planning, LLC physician experts are prepared to testify to the cost of future care and the appropriateness of all medical and non-medical care provided for in its life care plan at no extra cost to its clients.
