The Chain-bar app creates a prime social gathering space filled with quality news for blockchain investors to safeguard their investments.

KUALA LUMPUR, MALAYSIA, December 14, 2018 /EINPresswire.com/ -- Backed by joint partnership between Singapore Digital Chamber of Commerce Foundation and Smart Dubai, the [Chain-bar](#) app creates a prime social gathering space filled with quality news for [blockchain](#) investors.

Under the slogan of “Shi Guo Bai Cheng - Ten Countries Hundred Cities”, the Chain-bar app will expand its reach to hundreds of major cities in ten countries.

With its ambitious expansion plan, operations and service centres will be established in China, Japan, Korea, Malaysia, Singapore, Thailand, Russia, Philippines, Cambodia and Dubai to promptly support its millions of userbase.

These millions of users and bloggers will share their own piece of industry insights and investment advices on the Chain-bar platform.

Whether it is about a digital currency’s value going up or a new digital currency being launched in the market, knowing when to buy or sell before massive market shift gives the investors a game-changing upper hand.

According to Roger Wong, President of Singapore Digital Chamber of Commerce Foundation cum Chief Strategic Officer of Chain-bar, “Imagine, what if we sold Bitcoin before November 2018 (Avg. \$6k/unit) instead of after November 2018 (Avg. \$3k~4k/unit)? This is just the tip of the iceberg on how importance the timely investment analysis can be.”

Chain-bar is also a convenient and efficient social tool that is aimed at creating an engaging blockchain community to foster quality information sharing.

Being a blockchain investment focused community ensures that the news, information and market trends shared on the “Chain-community” platform will always be of value and relevant to digital currency and blockchain technology.

Tracking the latest news of prized investments may be tricky, and Chain-bar is the perfect platform to get this extra bit of insightful information to safeguard investments.
