

Immigration Attorney Godfrey Y. Muwonge introduces new “Fresh Start” Flexible Billing Plans for all New Clients

To enable more people who need legal assistance to afford an attorney, Immigration Lawyer Godfrey Muwonge offers flexible payment plans.

MILWAUKEE, WISCONSIN, UNITED STATES, December 23, 2018 /EINPresswire.com/ -- It has been a persistent problem in the legal system that many people who actually need help cannot afford an attorney. Courts and non-profit organizations assist with pro bono assistance in some instances. Addressing this ongoing issue, Immigration Attorney [Godfrey Muwonge](#) now offers “Fresh Start” Flexible Billing Plans for all New Clients that will make legal help more affordable.

“Retaining and affording a lawyer can be difficult and stressful in many circumstances. However, our goal is to assist as many clients as possible. So, flexible payment plans, individually-tailored installment payments, flat-fee agreements, hourly-fee agreements, and even success-based fee options are available under certain circumstances,” said [Godfrey Y. Muwonge](#), Attorney at Law.

“That’s the driving force behind our new ‘Fresh Start’ billing plans. As everyone’s legal case is different and requires an individually-tailored strategy, so do financial situations and circumstances; and our new payment plans offer our clients exactly that—the amount of the flat fee and/or hourly billing will vary depending on the case and client.”

Said Muwonge, “at the Law Office of Godfrey Y. Muwonge, LLC., we fully understand that not all clients are able to pay all fees upfront. Therefore, flexible payment arrangements

are available.” He added that the fees vary depending on what is agreed between the firm and the client, whether the client pays a lump sum upfront and then pays small installment payments on a weekly or monthly basis. “A lump sum at the beginning may be required as the retainer fee to assure us that we will be covered as far as the initial hours of our services are concerned, when most cases require immediate and time-consuming attention,” he said. “It is what seals the relationship between attorney and client,” he added.

[Mr. Muwonge](#) said that part of his legal-fees philosophy arises from what the Milwaukee community has given him. "Therefore, our goal is to give back." He went on to say, "not everyone will qualify for a payment plan, but we work with our clients and their means whenever we can."

Mr. Muwonge said he does not charge for initial consultations typically but, if a case involves complex issues that require initial investigation before retention, a fee for the necessary research may be levied. In most cases, if a fee is charged for conducting an initial assessment of the case's viability, that fee will become part of the overall sum charged either as a retainer fee or flat fee.

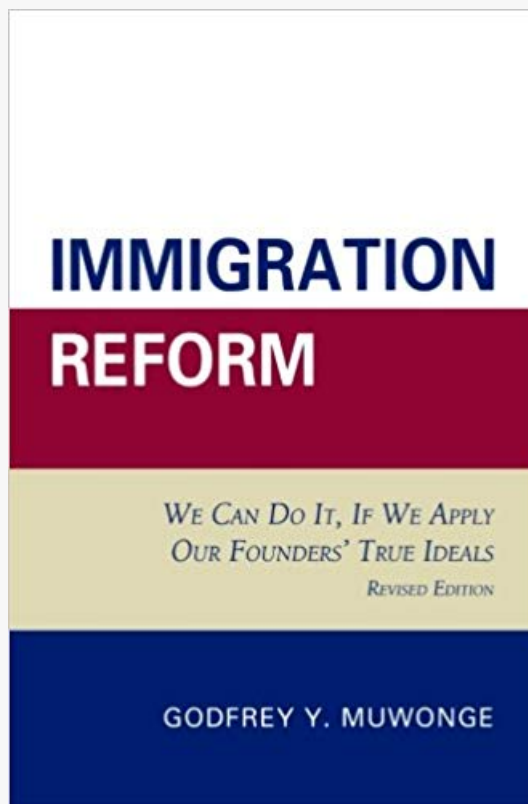

The Law Office of Godfrey Y. Muwonge, LLC., first helped clients in 1997 in the areas of citizenship through operation of law, and naturalization; protection from fear of danger in foreign countries; deportation/removal defense; green cards; work permits; worker visas; investor visas; victims of crime green cards; victims of domestic violence green cards; ICE detention and bonds; and appeals at the immigration and federal-court levels.

On a personal note, Mr. Muwonge is himself an immigrant and a naturalized citizen of the United States. As such, he has an inside view of and personal experience with the American immigration system and is keenly aware of the immense value of an attorney's care and a non-citizen having competent representation while navigating the shoals of this system.
