

# Silent-Aire Promotes Hyperscale Industry Veteran Liam Thedford to Executive Vice President

EDMONTON, AB, CANADA, December 18, 2018 /EINPresswire.com/ -- Silent-Aire, a global leader in mission critical data center innovation, today announced the promotion of Liam Thedford from Vice President Sales to Executive Vice President. Liam joined Silent-Aire in March 2012 and serves as the leader of Silent-Aire's hyperscale cooling and modular data center businesses.

“During his time with Silent-Aire, Liam’s contributions have been invaluable to not only driving the growth of the business, but also creating a great company culture for our employees,” said Lindsey Leckelt, Co-CEO of Silent-Aire. “His expertise, insight and leadership have had a profound and positive impact on Silent-Aire and most importantly our clients. Liam is a trusted advisor in the hyperscale industry and a valuable member of our executive team, and I look forward to the ongoing impact he will make as we advance the company in 2019 and beyond.”

“Since joining Silent-Aire, I have been fortunate to work with outstanding teams throughout the hyperscale industry,” said Thedford. “High-performing people are core to our DNA and are critical to ensuring we build a thriving corporate culture that is focussed on our vision of

delivering innovative solutions. Silent-Aire has grown at the speed of the hyperscale industry and we will continue to expand our solutions globally.”

As Executive Vice President, Thedford oversees Silent-Aire’s hyperscale partners on a global scale and across the company’s seven manufacturing locations in USA, Canada and Ireland. In his role, Liam fosters a culture of collaboration and accountability and is a member of Silent-Aire’s executive team.

## About Silent-Aire

Founded in 1994, Silent-Aire is a technology driven company that designs, engineers, manufactures and services hyperscale and edge data center solutions. Our portfolio of solutions includes [modular data centers](#); [power room modules](#), turnkey modular deployments, custom HVAC ([CRACs](#), [CRAHUs](#), [AHUs](#)) and mission critical services. Silent-Aire employs over 1000 people, with a total of 7 manufacturing facilities and a combined 650,000 sq/ft of capacity in Edmonton, Alberta, Gilbert, Arizona, and Dublin, Ireland. There are sales/service centers in Seattle, Washington, Boardman, Oregon, Ashburn, Virginia and Dublin. Our industry proven team

designs advanced systems and engineered solutions for the most complex mission critical infrastructure challenges and has earned us the trust of the leading hyperscale and edge data center owners and operators.
