AppFutura has become a global lead-generation platform working in two ways. The first one is a worldwide directory providing high exposure to main app development companies located in different cities around the world. From there, potential customers can find their desired app developer bringing direct inquiries and clicks to the developers' websites. On the other hand, AppFutura has a project dashboard where businesses can post their app development needs, receive development proposals from top development companies and eventually hire their favorite through a safe payment system. For those in need of more thorough support, AppFutura's team can help you select the best candidates for your needs and will also assist you during the whole development process.

App developers are welcome to join our listings of [Top App Developers](#) or get in touch with our team to learn how they can benefit from using our platform.
