the President's comments display his passion and drive to helping American patients. Our President's actions of Putting American Patients First is yielding significant improvements in healthcare for the American people. Moreover, President Trump is accomplishing for the American Patient despite having to overcome unprecedented partisan obstruction and political gridlock.

"Year after year, businessmen, hospital administrators and other fat cats talk about improving healthcare for the American people," said Yisrael M. Safeek, MD, MBA, Chairman and CEO of The SafeCare Group. "They do nothing just like the all-talk, do-nothing politicians who pledge the healthcare Promise Land if they get elected. Not so for President Trump. He defies the gloom and doom naysayers by delivering over and over again for American patients."
