

A Guide To Supercar Hire - Staying Safe

Supercar hire is big business in the UK and has rapidly grown by 50% since 2015 which is great for consumer choice and competitive pricing.

LONDON, LONDON, UNITED KINGDOM, December 20, 2018 /EINPresswire.com/ -- Supercar hire is big business in the UK and has rapidly grown by 50% since 2015 which is great for consumer choice and competitive pricing. However recent research has identified all is not all is as it seems. Over the last 12 months or so it has become apparent to the main four to five well established companies that most of these new ventures do not physically exist with anything more than a virtual telephone and address and are simply nothing more than a website with cars listed. They are set up purely as brokers or middle men who take the booking and your money at an inflated price then attempt to sub-hire the cars from reputable companies, all of which is not allowed due to insurance regulations- they of course will not tell you this. When they can not source you a car they will let you down at the last moment and force you take another one you don't want or simply take your money and disappear.

To avoid these situations happening to you, Charlie from [PB Supercars](#) has produced the following guide to the do's and do not's of supercar hire:

Quick Checklist When Choosing A Super Car Hire Company

- Check they have premises that are clearly sign posted by either Google maps or visiting them
- Do a quick Google check on them- check reviews etc
- Look at the supercar hire fleet on their website in particular making sure they use actual pictures of the car not generic library stock

Lamborghini Hire

Audi R8 Hire

Bentley Hire

- Check they actually own the cars and are not brokers or middlemen
- Never pay more than 25% of the supercar hire price upon booking
- Never pay the damage deposit on booking
- Never meet them away from their supercar hire premises
- Never let price or the deal they are offering outweigh the basic supercar hire principles above
- Always sign a supercar hire contract
- Always check the supercar over and video it or take pictures on check out

If you follow these simple rules your supercar hire will be an experience you will never forget for all the right reasons!

PB Supercars has been operating from its Canary Wharf offices since 2006 and has amassed a client base of over 6000 during this period, through both short term weekend hires and short term leasing. The company currently boasts marques from Aston Martin, Audi, [Bentley](#), Ferrari, [Lamborghini](#), Maserati, Mercedes, McLaren, Jaguar, Porsche and Rolls Royce.
