*Forex Broker Comparison Service, FxBrokerFeed, Releases Weekly Report*

ONTARIO, ONTARIO, CANADA, December 21, 2018 / EINPresswire.com/ -- FxBrokerFeed – a recently-launched Forex [brokers comparison](#) platform has just released its weekly report, based on social broker statistics and analytics. The platform where traders can register and receive structured information regarding trading broker services from all over the world, gathers the opinions of traders from social media channels and presents them to registered users. This way, they can make a decision as to whether they should invest in this broker or not, with the help of public opinion.

According to the weekly trader report by FxBrokerFEED and the sophisticated monitoring tools of the service, the broker eToro has been on a downtrend in terms of [social credibility status](#). The famous broker has a 56% increase in negative mentions and reviews, compared to previous weeks. The social monitoring has revealed that a lot of customers have been expressing complains about eToro's proxy exchanges and being unable to transfer cryptocurrencies to their crypto wallets. Also, the social opinions have led to the conclusion that only a handful of traders have managed to make a profit through the trader. Full report on eToro is available at: <https://fxbrokerfeed.com/reports/etoro/>

In comparison, broker Plus500 has been recovering from a recent low in terms of social stature. FxBrokerFeed reported that over the past weeks, Plus500 have been suffering from poor reviews on the customer support side and problems connected to trader accounts. Last week's negative mentions and reviews were as much as 77% higher than this week's report. According to the social opinion, the broker has been handling the present crypto fluctuations quite well for the time being which is a plus for the broker. Full report on Plus500 is available at: <https://fxbrokerfeed.com/reports/plus500/>

In addition, FxBrokerFeed monitoring tools report that Elsewhere, Alpari, Swissquote and SaxoBank continue to hold their positions as some of the crowd favorites in terms of reliability and transparency.
