

Spotlight Capital Holdings, Inc. Announces the Completion (Beginning) of the Current Business Model

LOS ANGELES, CALIFORNIA, UNITED STATES, December 27, 2018 /EINPresswire.com/ -- Spotlight Capital Holdings, Inc. Announces the Completion (Beginning) of its Current Business Model

Spotlight Capital Holdings Inc. (OTC.PK: SLCH) proudly announces that it has completed its corporate restructuring and the Company has identified projects that it has agreed to invest resources in to expand its current business model. Spotlight's executive team has prepared to move forward with its new business model based on negotiations from its most recent meetings with Merger and partnership candidates that need expansion to increase cash flow, build asset value, and increase profitability. These are the priorities and values most relevant for our shareholders and other key potential stakeholders, because the merger/partnership candidates will also increase the value of Spotlight's stock, by providing additional revenues and assets, to our overall evaluation.

In addition to Merger/Partnership Agreements that will soon be announced with companies in the Social Network Market , Online Movie Streaming, Music Apps and Distribution, Entertainment retail marketing, Television Production, Movie Production, Entertainment News, Internet and Identity Fraud prevention, Spotlight is also currently in development of its own applications that will revolutionize the way consumers have access to the music or the various types of films that that particular consumer is interested in.

We are very confident in the future of Spotlight by moving forward with our partnerships. The restructuring process has been a work in progress and we feel that taking the necessary time to restructure the Company and build a platform that has a solid foundation gave us the time to grow organically and build towards becoming the next media giant, with expected profits in 2019.
