

San Diego CEO Jason Kulpa Reopens 4 Scholarships to Energize Young Innovators

Jason Kulpa, the CEO of UE.co, announced the reopening of four scholarships geared towards students with a demonstrated passion for changing the world

SAN DIEGO, CA, USA, December 27, 2018 /EINPresswire.com/ -- [Jason Kulpa](#), the CEO of UE.co, announced the reopening of four scholarships geared towards students with a demonstrated passion for changing the world. The business innovator reestablished the eponymous Jason Kulpa Entrepreneur Scholarship, Jason Kulpa Leadership Scholarship, Jason Kulpa Tech Scholarship and Jason Kulpa Community Scholarship with unified deadlines of January 30.

By making these four initiatives accessible to more students, Kulpa hopes to foster new educational endeavors and empower the next generation of leaders. Each competitive scholarship is awarded to one successful applicant, and they all focus on furthering the dreams of different kinds of students.

The Jason Kulpa Scholarship programs accept candidates who are graduating high school seniors who've received their acceptance letters from accredited institutions or college students who haven't yet reached their final year. True to the spirit of breaking down barriers, these scholarships are noteworthy in that they're completely free of fees. Each applicant simply has to answer a program-specific question in under 500 words.

Kulpa is no stranger to innovation himself. As a company CEO and founder, he's forged his own path by creating a unique customer acquisition software platform designed to power business endeavors in a variety of fields. As an established marketing outreach authority with close ties to the San Diego community, he fully understands the importance of funding higher education.

"These scholarships are intended to lower the substantial hurdles to attaining a college degree," said Kulpa. "It is my hope that these scholarships will celebrate students who are leaders both in the classroom and in their communities."

Eligible students interested in pursuing their higher education objectives can apply to any of the scholarships by January 30 via the dedicated website at jasonkulpascholarship.com. Following a committee review of the applicants, the winners will receive notification in February.
