

Flying Students into Great Careers

WATERBURY, CONNECTICUT, UNITED STATES, December 27, 2018 /EINPresswire.com/ -- [STEMPilot](#) Inc., Waterbury CT. announces its partnership with King Schools of San Diego CA. to integrate the King Schools flight training system for CTE students to train for an FAA Drone Pilot License or FAA Private Pilot License. King Schools is a world-renowned aviation training company using its curriculum to prepare for FAA written tests. STEMPilot is a K12 curriculum company teaching students to apply classroom math, science and engineering in Meaningful Project Based Learning. STEMPilot has created a CTE Career Pathway in Aviation covering 5 semesters in high school for California A-G Certification. King Schools learning pathways will be installed on STEMPilot CTE Flight Simulators. Students will train on the STEMPilot Edustation and Pilot Pro Flight Simulator for aviation training and use its Drone Simulation Training Software to train for operating drones in K12 schools.
