BRUNSWICK, OH, USA, January 2, 2019 /EINPresswire.com/ -- FOR IMMEDIATE RELEASE: December 20, 2018 Brett McIntyre Crimcheck 1-877-992-4325 bmcintyre@crimcheck.com <u>https://crimcheck.net/</u>

<u>Crimcheck Employment Background Service</u> Created to Eliminate Resume Falsification

Brunswick, Ohio: Studies show that over half of all resumes include <u>incorrect or falsified</u> <u>information</u>. In order to help employers avoid making serious hiring errors, Crimcheck provides comprehensive background checks and education verification to simplify and improve the onboarding process. With just a few pieces of information provided by the applicant via text message, they can handle the entire pre-screening process. This leaves your company to focus on what it does best rather than tracking down obscure employment and personal histories.

"Crimcheck utilizes experienced investigators and customer support specialists who assemble a comprehensive background check, not a packaged criminal database, to give you easy results that fit your company's specific needs to recruit the talent your brand deserves."

Crimcheck's highly qualified staff of experts feature a diverse background to cover dozens of industries. Their eFetch customer management portal allows for simple and seamless request tracking, payments, and reporting. Handling <u>pre-screening and education verification for</u> <u>companies</u> in over 20 different industries, Crimcheck is among the select 2% of all background screening companies accredited by the National Association of Professional Background Screeners (NAPBS). In order to catch information the National Crime Database does not, Crimcheck investigates criminal cases from over 10,000 local courts and 3,500 county courts in all 50 states.

In this age of fraud, product liability, and workplace litigation, failing to properly screen all potential employees is risky and reckless. Joining forces with a meticulous background check service that can help verify all key information before regrettable decisions are made can be the difference between adding key long-term team members and spending valuable time embroiled in costly lawsuits.
