

Cathy Hazel Adams Quantum Multidimensional Energetic Healing to be Featured on CUTV News Radio

CASPER, WYOMING, UNITED STATES, January 3, 2019 /EINPresswire.com/ -- As vibrational beings, we each have infinite potential for love, creativity, health, and a joyful, satisfying life. In her transformational sessions, Cathy helps her clients move out of vibrational alignment with the fear, self-doubt, negative expectation and limiting beliefs that result in illness, pain, depression and struggle, and into resonance with the energetic patterns of flow, joy, creativity, health and well-being.

Cathy is the founder of Cathy Hazel Adams, LLC, an energy healing practice specializing in intuitive, quantum, multidimensional energetic transformation and healing. She is also a teacher, mentor, intuitive energetic life coach, and a Matrix Energetics® Certified Practitioner.

According to Cathy, all of our experiences – the state of our bodies, our health, our relationships, finances, and life events – are the result, or projection, of our own inner patterns of conscious energy. Our ideas, attitudes, thoughts, feelings, expectations and intentions all combine to form an energetic source pattern, or blueprint, that directly shapes the quality, experiences, circumstances and events of our lives.

“The good news is that, when our life isn’t as enjoyable and satisfying as we know it could be, we can edit the contents of our energetic blueprint and start living our true, best possible life.”

Using her intuitive abilities and applying well-known principles of quantum physics, Cathy clairvoyantly connects with her clients and facilitates change at all levels of their energetic blueprints. “I’m perceiving the ideas clients hold – the helpful ones and the not-so-helpful ones, as well as their mental and emotional bodies, the energetic template of their physical bodies, including structure, cellular memory and DNA correction, and familial, and even soul-level, patterns.”

“This is live, real-time transformation. I go with them into resonance with their best possibilities.”

"It's all about which version of yourself are you tuning into. All possible versions and variations of ourselves and our lives are available to us in an infinite present, in the quantum field of possibility. When we understand that, we can literally effect miracles."

"When you live in a state of love and well-being, the people around you automatically start vibrating in a more free, love-based, creative, joyful version of themselves."

CUTV News Radio will feature Cathy Hazel Adams in an interview with Jim Masters on January 7th at 12pm EST.
