

Putting worker safety and product quality at the forefront - Highly Potent Active Pharmaceutical Ingredients 2019

The 3rd annual HPAPI conference returns to London in May and industry professionals are set to discuss overcoming the latest challenges of the HPAPI industry.

LONDON, UNITED KINGDOM, January 4, 2019 /EINPresswire.com/ -- The HPAPI global market has developed rapidly in the past year and is expected to continue to expand into the future, with over a quarter of drugs in development worldwide being classified as highly potent. As a result, there is a growing demand for both pharmaceutical and contracted manufacturers to adapt to the evolving HPAPI landscape.

The event will explore current market trends, challenges of correctly assessing hazard, the use of innovative containment solutions to minimise risk and advanced manufacturing processes.

PROGRAMME HIGHLIGHTS:

- Interactive debate on the importance of control matrices and algorithms to ensure confidence in containment
- Mastering the fundamentals of ADC development with Regeneron
- Analysing the principals of containment designs with AstraZeneca
- Using case studies by Gedeon Richter to optimise quality risk management
- Practical elements in rolling out HPAPI projects
- DH/containment strategy and NPI at AbbVie
