

Seven top industry solution providers presenting and exhibiting at Defence Logistics Central and Eastern Europe 2019

Seven top industry solution providers to exhibit at Defence Logistics Central and Eastern Europe conference

LONDON, UNITED KINGDOM, January 7, 2019 /EINPresswire.com/ -- Seven top organisations will provide their solutions to Military and Government personnel at SMI's [Defence Logistics Central and Eastern Europe conference](#), taking place in Prague, on the 5th and 6th March 2019.

As militaries seek to increase cooperation and engage in joint logistics operations in Central and Eastern Europe, learn about the future of defence operations and meet key solution providers at the forefront of the market. Learn more about the sponsors:

Ecolog is an international provider of supply chain, construction, technology, facility management and environmental services. From beyond the Arctic Circle to the scorching deserts, the rugged terrain of Afghanistan and Africa, they have a proven track record of responsibly and efficiently enhancing the life of hundreds of thousands of people through their service solutions. By combining their technical and management capabilities with the focus of an independent private company, they believe they can unlock the potential for all their customers by helping you to focus on your mission and core competencies, while Ecolog takes care of the rest Ecolog will be presenting on day 1 of the conference; presentation details to follow.

Fazer Food Solutions provide both freeze-dried dishes and ready-made dishes in soft preserve, called 24 Hour Meals and are used by many around the world. Through the NATO Support and Procurement Agency, NSPA, they deliver combat troops to a number of countries' defence forces. We deliver daily servings to help workers and military in disaster areas. Their soft preserves and freeze-dried dishes are packed with month-long expeditions with adventurers and in the backpack on day trips. With a wide range of good meals for breakfast, lunch and dinner there is a dish that suits everyone regardless of the nature of the experience.

HIAB is the world's leading provider of on-road load handling equipment. HIAB products maximise the functionality of every military vehicle within the logistic fleet, offering savings in cost, time and manpower. Support is available in most parts of the world throughout a product's full service-life. From the early stages of design, whole life costs are considered, to ensure you receive a life-long cost-effective solution.

Defence Logistics Central and Eastern Europe Conference 2019

International SOS have been providing their clients with an unrivalled service, supported by invaluable local knowledge on a global scale, for 33 years. With pioneering preventative programmes strengthened by local expertise, they deliver emergency assistance during critical illness, accident or civil unrest. Working with International SOS, multinational corporate clients, governments, militaries and NGOs can mitigate the risks for their people working remotely or overseas. International SOS will be presenting on day 1 of the conference; presentation details to follow.

KH, Inc. offers Aviation and Marine fuel procurement and logistic solutions for Military and Government operators including contract fuel management, open market procurement, and payment solutions. KHI is the exclusive contractor of the U.S. Government AIR Card® and SEA Card® programs. KH will present 'Military Fuel Procurement Solution' on day 1 of the conference

THIELMANN WEW is a world leader in containerised fuel and water systems for the military and civil defence markets. Ranging in size from 200L to 50,000L, THIELMANN WEW pressure vessels are approved to transport and store fuel and water across air, land and sea logistics chains worldwide. All their container systems are built to meet your specific requirements, and can be 100% tailored to meet operational envelopes. In addition to building tanks to the highest standards, THIELMANN WEW specialises in complex pumping and preservation for water supply and refuelling of land and rotary / fixed-wing assets. THIELMANN WEW supports these systems through their entire lifecycle (25 years or more), supporting, repairing and maintaining equipment as needed. WEW: A Thielmann Company will be presenting on day 1 of the conference; presentation details to follow.

As a leading fuel solutions and logistics provider for industries, militaries and governments around the globe, World Fuel Services (A Fortune 100 Company – NYSE INT: 93) delivers integrated fuel solutions to customers in the marine, land, and aviation segments. With expertise in: fuel supply, logistics, operations, technology, and finance, they provide end-to-end support so that their customers can focus on their core business. World Fuel Services Europe Limited will present 'Matching Fuel Demand to Requirements' on day 1 of the conference.
