

Appliances Connection is Celebrating National Bagel Day!

There's no better way to celebrate National Bagel Day than treating yourself to a Wolf 4-slice toaster from Appliances Connection.

BROOKLYN, NEW YORK , USA, January 15, 2019 /EINPresswire.com/ -- Ah, the bagel. A humble circle of baked dough that occupies such a powerful place in the American consciousness. It's the perfect blank canvass for breakfast artistry. It offers infinite gastronomic possibilities. If you're in a hurry and need something simple, just spread butter on a toasted sesame bagel, add some avocado slices, and you're good to go. Craving something sweet? Drizzle a bit of manuka honey on a cinnamon raisin bagel. You can have the New York City deli experience anywhere you go with an everything bagel sandwiching nova lox, cream cheese, and some capers. Put a spin on eggs benedict with a poached egg, pancetta, and hollandaise sauce on a half plain bagel. The bagel holds such an esteemed position among breakfast foods. That's why today, January 15th, [Appliances Connection](#) will be celebrating National Bagel Day and we'd like to help you join in the festivities.

A food worthy of such adulation deserves an appliance that's its equal. This is why Appliances Connection has available the [Wolf 4-slice toaster](#). Girded in gleaming stainless steel with [Wolf's](#) signature red knobs for temperature control, the toaster features extra-wide slots. No longer will you have to struggle to stuff thick bagel slices into an inadequate space. It has a setting just for bagels that gives you an impeccably crisped cut side and a gently warmed rounded side. Making scrambled eggs and bacon so you're unable to immediately eat your freshly toasted bagel? Not a

problem. A “Keep Warm” mode runs for three minutes after popping, ensuring an ideal butter-melting temperature. After you’re done eating, clean-up is a breeze with crumb trays that smoothly slide out on each side. Any bagel connoisseur would be remiss if they aren’t using a Wolf 4-slice toaster.
