“

As a mechanical engineer I  
have dedicated my life to  
designing the highest  
quality mechanical  
components and that is  
what I decided to do with  
the drum hoop and the  
drum tuning key”

*Gabriel Martinez*

Thanks to the 6061 T6 Aluminum and precise tolerances,  
the GI-14S-10L sounds, tunes, and looks great.

“As a mechanical engineer I have dedicated my life to  
designing the highest quality mechanical components and  
that is what I decided to do with the drum hoop and the  
drum tuning key,” said founder Gabriel Martinez.

The result was the development of the GI S14-10L, a  
superior drum hoop that enhances the sound of the shell  
& rim shots, will never rust and looks amazing. Additionally  
the DTK SS drum tuning key utilizes 17-4 stainless and an  
ergonomic design that will last forever.

Lifetime Warranty on all components.

I look forward to your support on Kickstarter.

Thank you,  
Gabriel Martinez
