

# E-Therapy now provides you with access to hundreds of licensed therapists

*E-therapy offers each of our users access to hundreds of licensed therapists - from the comfort of your own home.*

LONDON, LONDON, UNITED KINGDOM, January 15, 2019

/EINPresswire.com/ -- E-therapy offers each of our users access to hundreds of licensed therapists - from the

comfort of your own home. With our convenient online video platform, you can gain access to various counsellors and therapists, covering a wide range of disorders.

There are no registration or membership fees, you only pay for the sessions that you register. This makes it the most cost-effective way to get access to professional therapy.

## Benefits of Online Therapy:

### Convenience

You get to book sessions when it suits you, and from anywhere you choose. Whether you're at home or visiting abroad, you can access E-therapy from any internet-enabled device - be it a desktop computer, laptop, mobile phone or tablet.

This means you can save time and money on traveling to a therapist, sitting in a waiting room - and also avoid any potential accidental encounters.

Each session is also completely anonymous and confidential.

### Easy to Use

It's easy to register on E-therapy, and our platform is simple and straightforward to navigate and use.

### Qualified and Experienced Therapists

All therapists and counselors on E-therapy are qualified and BACP-registered, each with over 10 years of experience. Background and qualifications are checked beforehand to allow only the

best on our platform.

#### Secure and Safe

E-therapy is 100% safe and secure, with data encryption and firewall technology ensuring that your sessions are secure, confidential and effective.

Research evidence has shown that online/digital therapy is just as effective as in-person therapy, but with the benefit of setting up sessions where and when it suits you.

Sign up today, speak to one of our hundreds of licensed therapists, and start feeling better.
