

# Cozy Villas at Ontario Couples Resort Help Romantic Guests Get Into Nature

---

*Footprints Resort has all the amenities a loving couple could want for a romantic getaway in Ontario this spring.*

BANCROFT, ONTARIO, CANADA, January 15, 2019 /EINPresswire.com/ -- There is always something new at [Footprints Resort](http://www.FootprintsResort.com), an adults-only, romantic couples retreat, in Hastings Highlands, ON! Footprints Resort has cedar Villas, Motel style rooms and cozy cabins.

The owners of Footprints Resort say, "Guests love the privacy of Villas. The scent alone is worth the few extra steps to get to them. And having your own sitting area outside your Villa and a BBQ of your own has been popular as well."

Footprints also features a conversation pool on the deck with a view of the hot tub and private lake. It's a great place to cool off on hot days, socialize with other guests or take a break before preparing dinner. The owners say, "The pool has been very popular. This gives our guests another option other than swimming in our private lake. It's always full around the twilight hours."

As well Footprints boasts an outdoor, covered kitchen facility that includes a fridge, stove top and lockers for guests to store dry goods in. Footprints is a self catering resort so be sure to bring all the food and drink you'll need while staying here. Town is just 15 minutes away for those who have forgotten anything.

There is always something for our guests to do while vacationing at Footprints Resort, whether it's swimming or sun bathing, hiking, biking, paddling around the lake in canoes or kayaks, or holding hands and staring into each others eyes. At night, the campfire is always the social hub and for those busy nights, there are now 3 fire pits to chose from, plus the ever popular propane fire table.

Footprints Resort in Hastings Highlands ON is a great hidden gem just a few short hours drive from both Ottawa and Toronto, and is ready to help you make a memorable, romantic vacation for you and yours.
