

# Pharmaceutical Microbiology UK CONFEX takes place in less than a week!

*Smi reports: Registration will close in less than week, as the countdown begins for the 8th Annual Pharmaceutical Microbiology UK Conference.*

LONDON, LONDON, UNITED KINGDOM, January 16, 2019 /EINPresswire.com/ -- The 8th Annual [Pharmaceutical Microbiology UK](#), will take place at the contemporary Copthorne Tara Hotel in London, on 21 and 22 January 2019. With less than a week remaining, both the pharmaceutical and specialty chemicals industries currently facing both unparalleled opportunities and challenges will gather to address the key trends, challenges and strategies in [contamination control](#).

The two-day conference will bring together leading industry experts including Sanofi, Mettler-Toledo, GSK, Fresenius Kabi, AstraZeneca, DuPont, PHSS, Novo Nordisk and many more. These expert-led presentations will enable attendees to learn about the challenges of endotoxin testing, the best practices in cleaning and disinfection and contamination control, [mold contamination challenges](#) and to hear about various real-life case studies from experiences in the cleanrooms.

In addition, the agenda for the conference will cover various hot topics including:

- Rapid Microbial Methods
- Environmental Monitoring
- Regulations
- Challenges and trends for Plasma-Derived Materials
- BNC Bacteria Testing
- Mold Contamination Challenges
- Contamination Control Challenges and Strategies

For more information about the event, please visit the conference website: <http://www.pharma-microbiology.com/pr4>.

With Pharmaceutical Microbiology UK fast-approaching, attendees can still sign up to the post-conference workshops on the 22nd January. The workshops will provide the perfect opportunity to gain in-depth insight into the following selected topics:

SMi's 8th Annual Conference on... #SMiPharmaMicro

## Pharmaceutical Microbiology
