Blair Tuidler

Blair is a College Junior at Loyola University in Chicago. She has been awarded \$500 to apply to her college degree this Spring or Fall. Out of 8,848 applicants, Blair was the winner!

1Dental has offered an annual scholarship to high school seniors and college students alike since 2014. The business hopes to encourage continued education as well as healthy living among all students through their scholarship

program. This year’s scholarship required students to fill out a survey asking about their opinions on health and dental plans, as it pertains to insurance plans through future employers or stand-alone plans.

1Dental will be compiling the results of these surveys into an easy-to-digest piece of content that can be helpful to the health industry as they try to promote good health to this younger generation.

The 2020 1Dental Scholarship application will be posted in the coming months at 1dental.com/scholarship/. Students enrolled in a high school (seniors only), college or university are encouraged to take part in this scholarship opportunity.

Congratulations, again, to Blair for winning the 2019 1Dental Scholarship. Best of luck to you!
