

A Shift is Happening

How Taylor Rusch is Making International Waves as He Spreads a Hopeful & Powerful Message of Personal and Planetary Transformation through his Acting and Music

ATLANTA, GA, USA, January 17, 2019 /EINPresswire.com/ -- [Taylor Rusch](#) is an Award Nominated Television and Film [Actor](#) and Up and Coming Recording Artist. He is best known for his role of Jake in the short film "Musical Salvation", his guest star appearances on ID Discovery Channel and for his recent EP release of original [music](#) entitled "A Shift is Happening". His venture into the world of entertainment is largely influenced by a shift that happened in Taylor's personal life over the past decade, nothing less than a Spiritual Awakening and recognition that he and his vision are only a tiny raindrop in a vast ocean of Divine Potential of which the entire human race partakes of and is connected to.

The Shift was initially set in motion during Taylor's college years where, though he grew up fundamentally Christian, he began to question so much of what he was taught as he looked more deeply into the life and teachings of Jesus and what it means to be a Christ follower. He could feel the rift between what the church and

his peers expected him to believe and the destiny Jesus was calling him to, a lifestyle saturated with the Presence of God and centered around spreading Forgiveness, Unconditional Love and Reconciliation throughout the world, to all people, regardless of race, religion, education, vocation, ethnicity, social background, criminal background, financial status, gender or sexual orientation, proclaiming Heaven on Earth.

From "Musical Salvation" by Cameron James Khan

Though his acting, singing, songwriting and instrument playing began at a young age, it was not until his mid 20's when his life was uprooted by undealt with Hurts, Habits and Hangups from his youth that he began to truly see himself as a channel that the Universe desired to use as a vessel of God's Forgiveness, Mercy, Love and Grace. His Hurts, Habits and Hangups landed him in two inpatient treatment facilities where he began to face his innermost demons and relinquish the mask he was using to hide from God, others and himself.

One evening, while crying out to God in his bedroom at an addiction treatment center, he heard a still, small, soothing and comforting voice speak within his heart, saying "Just wait till you see, you're gonna be free, chainless forever. Just take up your wings and soar to the sky, light as a feather. Child you belong to me, so be free." This experience of hearing the still, small, voice of Spirit, though not his first, profoundly impacted and reoriented his life. Wiping tears from his eyes, he picked up the guitar he had brought with him and began writing and composing his first ever single release Chainless Forever, which is now part of his six track EP, A Shift is Happening, available on YouTube, Itunes, Google Play, Spotify, Deezer, and through many other distributors.

Over the past five years, the following music tracks came together to form A "Shift is Happening" which when listened to in order are a formula for Personal and Planetary Transformation and "Shift". They are as follows:

Prelude to Change
Lay Your Weapons Down
Take a Deep Breath
A Shift is Happening
Chainless Forever
A New Age is Dawning

Over the past five years Taylor channeled the messages of these songs for his own personal Healing and Transformation and in the summer of 2017 he recorded them at HomeGrown

Studios in Atlanta, GA with professional recording artists, producers and sound engineers Alexander Downtain and Benjamin Humkey. What became of those sacred hours in the studio is nothing less than a Musical Masterpiece of Healing and Hope that is sure to draw multitudes into an encounter with the Lover of All Souls as they experience a Shift Happening in their own lives.

It is with deep gratitude and humility that Taylor Rusch presents this Labor of Love to the world.

Peace and Love be with you always,

Taylor Rusch
