[Nina Conti](#), an inspiring quick-witted woman who has a natural creative talent in the Media world has been working on her tragic autobiography and inspirational true-life story for the past six months. Conti's, emotional roller-coaster ride in revealing her tragic past has sent shockwaves with this tell all story exposing Hollywood Legends, US Marine husband, domestic violence issues, including mental and emotional abuse, life threatening health issues, family dysfunctionality, and tragic death. This sizzling true story originally caught the eye of Satellite Agency Inc. Joey Sulfaro first port of call will be with long time friend and confidante RatPac Entertainment Supremo Chief [Brett Ratner](#) for advice and options regarding Book rights and Movie deal. I like the way Brett thinks and works, he is a genius in his field and his pedigree to date is outstanding with many winners under his belt. My trust in Ratner is where I want to start. "There is no kinder guy in Hollywood like Brett Ratner who always gives you so many gifts when leaving his office or his famous Hollywood home HillHaven Lodge" He is like Santa Claus Sulfaro said. 2019 will see a new beginning for Australian born Miss Nina Conti after a "Lifetime of Hell".
