

AMBEROS Introduces Latest Technology for Longer-Lasting Amber Beads That Are Safer For Babies

AMBEROS started using new technologically advanced clasps which are attached more firmly in a way that they are much safer for the babies.

PALANGA, LITHUANIA, LITHUANIA, January 22, 2019 /EINPresswire.com/ -- AMBEROS Introduces Latest Technology for Longer-Lasting Amber Beads That Are Safer For Babies

Palanga, Lithuania, Oct 18, 2018 – AMBEROS are updating production technologies and started using new technologically advanced clasps for both necklaces and bracelets which are attached more firmly in a way that they are much safer for the babies. That allowed to comply with the latest quality requirements and receive newest release Certificate by Lithuania National Probation Lab.

AMBEROS is intended for unadulterated, excellent and shimmering Baltic amber beads. The originator of the organization told that, "We have added a new technologically advanced clasps that will lay long lasting amber beads and are much safer for babies. This will help us to provide the best quality necklaces and bracelets that are much safer for babies."

At AMBEROS, they keep up the top quality amber beads. As all the beads are safely attached to each other with technologically advanced clasps that are attached to form beautiful amber bracelets and necklaces. This encourages them in keeping up the most noteworthy nature of amber bead and the genuine substance of amber products for your friends and family is unadulterated. The amber beads are additionally confirmed and certified by Lithuania National Lab as it is a reliable Baltic amber manufacturer in the industry. Likewise, they furnish a little Certificate of Authenticity with each arranged thing to their clients.

They ensures that all the items like bracelets or necklaces consent to all the wellbeing measures. To completely guarantee you are getting the genuine item, they additionally recommend to pick the right size of the accessory or bracelet. The correct size allows the child to remain comfortable with the accessory they are wearing.
